

Colton Cultural Resources Element Update 2022

Historic Preservation, Historical Resources, and Archeological Resources

We need your input! The City of Colton is updating our 2000 Cultural Resources Preservation Element as part of Colton's General Plan.

Please join us on the following dates for an interactive, informative Community Workshops open to the public:

General Community Meeting - Wednesday, December 7th, from 6:00 pm – 8:00 pm at the Hutton Center located at 660 Colton Avenue, Colton, CA 92324.

Planning Commission Meeting – to be scheduled in January/February of 2023.

City staff will be there, along with our consultant team, SWCA Environmental Consultants, to walk you through the project, answer questions, and hear your thoughts on the most pressing issues and priorities for identifying and preserving Colton's rich cultural heritage.

And what do we want to know? We're curious to hear your thoughts on a number of questions, such as:

- What do you think are the biggest challenges in Colton when it comes to the identification and preservation of significant cultural resources?
- Did you realize that properties can be significant not just for their architectural style but also their social and cultural significance?

Please come to our Community Workshop to share your input in the update of Colton Cultural Resources Element! Questions please call Mario Suarez, Planning Manager at 909-370-5523 or email at msuarez@coltonca.gov
